The Outlandish Companion Volume Two: The Companion To The Fiery Cross, A Breath Of Snow And Ashes, An Echo In The Bone, And Written In My Own Heart's Blood (Outlander)

Synopsis

More than a decade ago, #1 New York Times bestselling author Diana Gabaldon delighted her legions of fans with *The Outlandish Companion*, an indispensable guide to all the *Outlander* books at the time. But that edition was just a taste of things to come. Since that publication, there have been four more *Outlander* novels, a side series, assorted novellas, and one smash-hit Starz original television series. Now Gabaldon serves up *The Outlandish Companion, Volume Two*, an all-new guide to the latest books in the series. Written with Gabaldon's signature wit and intelligence, this compendium is bursting with generous commentary and juicy insider details, including a complete chronology of the series thus far, full synopses of *A Fiery Cross*, *A Breath of Snow and Ashes*, *An Echo in the Bone*, and *Written in My Own Heart's Blood*, recaps of the Lord John Grey novels: *Lord John and the Private Matter*, *Lord John and the Brotherhood of the Blade*, *Lord John and the Hand of Devils*, and *The Scottish Prisoner*, a who's who of the cast of *Outlander* characters, cross-referenced by book, detailed maps and floor plans, a bibliographic guide to research sources, essays on subjects as wide ranging as Outlandish controversies regarding sex and violence, the unique responsibilities of a writer of historical fiction, and Gabaldon's writing process, a guided tour of the clothes, food, and music of the eighteenth century, a Scottish glossary and pronunciation guide, personal photos from the author taken on the set of the Starz *Outlander* series. As entertaining, sweeping, and addictive as the series itself, this second volume of *The Outlandish Companion* is a one (or two)-of-a-kind gift from an incomparable author.

Book Information

Customer Reviews

This enormous book is the second companion volume to the popular Outlander series. As the title states, it covers the content of the series beginning with THE FIERY CROSS and ending with WRITTEN IN MY OWN HEART'S BLOOD. The book, however, really covers the entirety of the series including information and discussion about the hit Outlander television series. Along with the expected synopses of the books, this companion also provides various essays by Gabaldon in which she discusses issues regarding the series as a whole. The book includes: A synopsis of the entire series through MY OWN HEART'S BLOOD. Synopses of the novels in the series after THE FIERY CROSS (including the Lord John Grey novels which are a spin-off of the main series) A guide to the characters in the series An Essay on Sex and Violence -- this was my favorite essay of the bunch. Gabaldon really examines and puts forth her opinions responding to the criticism of her series with regards to the sexual violence depicted in them. An Essay on History and Historical fiction including the justification of falsity in historical fiction A guide to the Scottish language as used in the books including a pronunciation guide An essay on writing A section on the people who work on the Outlander television series Some maps and floor plans Recommended books Bibliography of the books Gabaldon uses to underpin the writing of the Outlander books Some photographs from the set of the television show Outlander family tree This book is for fans of the series, but also anyone who wants to know more about the process of creating these novels.
