If you would like to purchase both the physical text and MyPoliSciLab search for 0134113934 / 9780134113937 Â Countries and Concepts: Politics, Geography, Culture plus MyPoliSciLab for Comparative Politics â “ Access Card Package, 13/e, which includes: 013396308X / 9780133963083 Countries and Concepts: Politics, Geography, Culture, 13/e 0134064054 / 9780134064055 MyPoliSciLab for Comparative Politics Access Card MyPoliSciLab should only be purchased when required by an instructor. Â For courses in Introduction to Comparative Politics Â A Critical View of International Political Systems Countries and Concepts: Politics, Geography, Culture is a critical examination of comparative politics and political systems. The text rejects theories of smoothly functioning systems and embraces the mistakes that countries inevitably make, taking a skeptical approach to understanding international political systems. The Thirteenth Edition is an easy-to-read text that stresses fundamental vocabulary and connects the material to real world examples. Understanding politics as a series of ongoing quarrels for which no good solution has been found, the material views international political systems through a dubious lens. This undeniably real examination of our political world makes Countries and Concepts the most accurate examination of politicsâ™ true nature. Â Also availableÂ with MyPoliSciLab MyPoliSciLab for Comparative Politics courses extends learning online, engaging students and improving results. Media resources with assignments bring concepts to life, and offer students opportunities to practice applying what theyâ™ve learned. And the Writing Space helps educators develop and assess concept mastery and critical thinking through writing, quickly and easily. Please note: this version of MyPoliSciLab does not include an eText. Â Countries and Concepts: Politics, Geography, Culture, Thirteenth Edition is also available via REVELâ„¢, an immersive learning experience designed for the way todayâ„¢s students read, think, and learn. Â

## Book Information

Paperback: 544 pages

Publisher: Pearson; 13 edition (January 3, 2015)

Language: English

ISBN-10: 013396308X

ISBN-13: 978-0133963083

Product Dimensions: 7.3 x 0.8 x 9 inches

Shipping Weight: 1.4 pounds (View shipping rates and policies)

## Customer Reviews

You won't find this book generally in the bookstore, unless you're in the college bookstore, looking on the shelf marked 'Required'. Most likely you would never want to read this book even if it was required. Flipping through the table of contents and the pages, it screams textbook. It even has vocabulary words at the end of each chapter. How much more dry, dull, and boring can you get?Fr. Kurt, what are you doing reviewing this book? Don't tell us you're actually going to recommend this book to us!? Please don't tell us that!!Yes, I recommend this book.Sorry. I have an undergraduate degree in political science, have taught political science, and have a large collection of sample texts that I have been sent in hopes that I would teach some large 400-student introductory politics class and use the book. Most of these books have been traded for more worthwhile books at the local used book stores. This book, however, 'Countries & Concepts: An Introduction to Comparative Politics', by Michael Roskin, is one that I had to purchase. And I've used it in earlier editions. And I shall again in this and later editions.Despite the textbook-layout (which is in fact fine, if one wants a textbook, and only a minor inconvenience if one does not), this is an insightful, informative, clearly-written text, with a much broader range that goes into deeper detail than most of its type. This is why I use it.This is a text for those who have already had American politics -- I didn't want to rehash the first-semester material, so I chose a book that did not have an American section or chapter. If I were to choose a more complete volume, I would consider that a minus.Roskin begins with a chapter on general political concepts.
