Bone Marrow Transplants: A Book Of Basics For Patients

Synopsis

Describes in lay language, what is involved in preparing for, undergoing and surviving a bone marrow or blood stem cell transplant. A helpful handbook for patients and family members facing this medical procedure. Referred to by many survivors as their "bible".

Best Sellers Rank: #3,946,553 in Books (See Top 100 in Books) #24 inÂ Books > Health, Fitness & Dieting > Diseases & Physical Ailments > Cancer > Bone Cancer

Customer Reviews

In my opinion, this book is a must for anyone about to undergo a bone marrow transplant. It is a great resource for family members, too. My only suggestion is that you purchase the more updated, 2006, version. The updated version is Bone Marrow & Stem Cell Transplants by the same author. This is an A-Z bone marrow transplant book in layman terms.

Excellent
