Average Customer Review: 4.2 out of 5 starsÂ Â See all reviewsÂ (5 customer reviews)

Best Sellers Rank: #98,207 in Books (See Top 100 in Books) #37 inÂ Books > Politics & Social Sciences > Politics & Government > Ideologies & Doctrines > Fascism

Customer Reviews

Excellent educational book for those who desire to learn who, what and where Progressivism started and how it has advanced in America. If one does not know what a Progressive is or it's roots, then one cannot make an educated decision with casting a vote. That places our freedoms and liberties at risk, not to mention our economy.

This is an incredibly well written and insightful book.

Very good book. Have not had time to read the whole book yet, but am looking forward to doing so.

Jonah is a great writer that tells the truths of the liberal debauchery infecting this country.

Total conservative hit job."Twenty-first century commentators like to attack left leaning policies by calling them socialist, and occasionally follow this up by explaining how Hitler, the mass murdering dictator around whom the twentieth century pivoted, was a socialist himself. Thereâ™s no way anyone can, or ever should, defend Hitler, and so things like health-care reform are equated with something terrible, a Nazi regime which sought to conquer an empire and commit several genocides. The problem is, this is a distortion of history. Richard Evans, in his magisterial three volume history of Nazi Germany, is quite clear on whether Hitler was a socialist: âœâ ªit would be wrong to see Nazism as a form of, or an outgrowth of, socialism.â • (The Coming of the Third Reich, Evans, p. 173). Not only was Hitler not a socialist himself, nor a communist, but he actually hated

these ideologies and did his utmost to eradicate them."[...]
