Good story and well worth the buy

Beautiful short AI short stories.

The reason for five stars is because all of the short stories poems and spiritual prayers are heartfelt and they are all based on facts put to fictional stories and poems. They tell of the troubles that the Lakota faced and how they deeply believed in their spirituality to guide them, to stay on the good road and how they respected the wolf, for this magnificent being of the forest was a good part of their spirituality. All of the short stories and poems that follow the first short story, as you will see as you read along , are connected with the first story. The entire book , although made up of several short stories and dozens of poems actually tell one story . And that is about Life and the good road you must follow.
