Synopsis

Includes Civil Service Practice Test Questions Get the test prep help you need to be successful on the Civil Service test. The Civil Service Exam is extremely challenging and thorough test preparation is essential for success. Civil Service Exam Secrets Study Guide is the ideal prep solution for anyone who wants to pass the Civil Service Exam. Not only does it provide a comprehensive guide to the Civil Service Exam as a whole, it also provides practice test questions as well as detailed explanations of each answer. Our Civil Service study guide includes: A detailed overview of the Civil Service Exam An extensive review of the word relationship questions - spelling and vocabulary A guide to analogies An in-depth look at reading comprehension An analysis of mathematics Comprehensive practice questions with detailed answer explanations. It's filled with the critical information you'll need in order to do well on the test the concepts, procedures, principles, and vocabulary that the state licensing boards expects you to have mastered before sitting for the exam. These sections are full of specific and detailed information that will be key to passing the Civil Service Exam. Concepts and principles aren't simply named or described in passing, but are explained in detail. The guide is laid out in a logical and organized fashion so that one section naturally flows from the one preceding it. Because it's written with an eye for both technical accuracy and accessibility, you will not have to worry about getting lost in dense academic language. Any test prep guide is only as good as its practice questions and answers, and that's another area where our guide stands out. Our test designers have provided scores of test questions that will prepare you for what to expect on the actual Civil Service Exam. Each answer is explained in depth, in order to make the principles and reasoning behind it crystal clear. We've helped thousands of people pass standardized tests and achieve their education and career goals. We've done this by setting high standards for our test preparation guides, and our Civil Service Exam Secrets Study Guide is no exception. It's an excellent investment in your future.

Civil Service Exam Secrets is nothing short of amazing, informative, and easy to follow. It has prepared me for my exam and I keep getting better and better at the practice exams. It has enabled me to feel confident in going in to take my exam. I feel ready and prepared and most of all, I know what to expect. Thank you so much for putting out this wonderful product that is definitely worth the money spent, and then some. - Jeremy

Yes there were some "tips" that would help when taking any test. However, this did not really prepare me for the actual test of 50 questions to be answered in 12 minutes. Not sure if this is the typical test for Municipals and therefore this book did not help any more than the ones I got from the library. I was hoping for an extra "edge" with the purchase of this study book. I was prepared for a timed test with multiple choice answers. I did not get this type of test from the City. I had to write out most of my answers so there was no "guessing" by process of elimination. I'd recommend visiting your local library first.

I returned this item. I don't feel that it had any useful information for my civil service exam. I actually received a 75 on my exam after reading through this so no I would not recommend this book. It is misleading and does not help at all!

I think overall so far the book is helping me understand how I should prepare and how to take the civil service exam. It isn't the easiest test and there's almost no way to prepare for it, and this is the best way I see possible to raise your score and understand how to take the test in all. Money well spent and I'm confident next time around I'll get an extra 10 points from just reading this book.

Love this guide book! I cannot believe how much it has changed my way of attacking the Civil Service test! This has lessened my anxiety and I feel more confident in taking the tests. The best study sections for me was the Analogies and the Mathematics. What a great refresher and

techniques!

This is a very useful and very informative guide. Very helpful tips I can't wait to take my civil service exam in a few weeks. I think this guide along with its tips has prepared me for the exam... this is an awesome book very well put together and full of useful tips. I highly recommend this if you are having trouble with passing the civil service exam.

The practice tests were very helpful. As I read through the material there were many things that I had forgotten like the difference between a synonym and an antonym. To have to ponder those kinds of things in the midst of testing can be time consuming; very helpful.

In all honesty, I thoroughly enjoyed this study guide. It was formatted in a manner that was very easy to use/follow along. I appreciated the actual practice tests because it gave me an idea of what to expect when I do in fact take the test. Also, I did like the fact that certain portions of the test gave an explanation as to why this answer is correct. With that being said, this was the first study material of any kind that I purchased in order to study for my test. So I did not have anything else to compare it to. It still was very helpful and it did meet my expectations.
