I learned prepositions by reading and practicing simple sentences and phrases. This book is well-written. It contains a huge amount of sentences of real life experience. The ESL/TOEFL student can be successful if He/She can easily comprehend and remember what He/She have read. This book has sections to practice every day, and sections to review what is being practiced. This way the student can evaluate himself what He has learned. I highly recommend this book.

I personally used that book under the guidance of the author, Gail Satter. She is a great teacher and the book was really helpful in mastering my English. To me, the book is just necessary for passing the TOEFL exam. I highly recommend it!Mastering Prepositions for the TOEFL in Five Minutes a Day
