LSAT Strategy Guides (Logic Games / Logical Reasoning / Reading Comprehension), 4th Edition

Synopsis

A fresh, innovative, and streamlined approach to the LSAT, featuring techniques geared towards students aiming for top scores. Now with more practice problems and new online resources! Offering a streamlined and innovative approach to the LSAT, the Manhattan Prep Set of 3 LSAT Strategy Guides are true course materials. Created and field-tested by Manhattan Prep's expert instructors, they are a must-have resource for any student preparing to take the exam. Included in this all-in-one set are books devoted to the test's three sections: Logical Reasoning, Reading Comprehension, and Logic Games. Beginning with how to recognize each and every game type, the Logic Games LSAT Strategy Guide (9781937707743) takes you through the entire solving process. You will learn strategies for making inferences, techniques for accurate diagramming, and tools for improving your time management. Each chapter is designed to encourage mastery with timed drill sets that use real LSAT logic game questions and provide in-depth explanations, including hand-drawn diagrams and notes from Manhattan Prep's expert instructors. Avoiding an unwieldy and ineffective focus on memorizing sub-categories and steps, the Logical Reasoning LSAT Strategy Guide (9781937707750) encourages a streamlined method that engages and improves your natural critical-thinking skills. Beginning with an effective approach to reading arguments and identifying answers, this book trains you to see through the clutter and recognize the core of an argument. It also arms you with the tools needed to pick apart the answer choices, offering in-depth explanations for every single answer — both correct and incorrect — leading to a complex understanding of this subtle section. The Reading Comprehension LSAT Strategy Guide (9781937707767) teaches you how to recognize the core argument and then use it as a framework on which to organize the entire passage, improving the speed and clarity with which you read. To further improve your reading, it walks you through the process of annotation, discussing where and how to take notes in order to maximize your comprehension without eating up precious time. It also looks at what types of questions the LSAT asks and then arms you with the skills you need to spot issues and identify correct answers. Further practice sets and other additional resources are included online and can be accessed through the Manhattan Prep website. Resources include online access to class recordings, online learning labs, and a downloadable study guide and progress-tracking tool.

Customer Reviews

Good for the price. I took Kaplan's test prep course but supplemented with the Manhattan trio. The books are not without flaws-there are errors in the practice questions, for instance, A and C could be the same exact answer choice, but they were great refreshers and really break down each type of question in depth, also cementing the learning with timed practice sessions. I wouldn't suggest studying solely with these books, but they were helpful and provided more practice sections.

Helped me get a 159 on my LSAT - without taking any practice tests. Really liked the writing of these books. Easy to follow and very thorough.

USE THESE BOOKS for your LSAT preparation. I pretty much wasted money on the Bibles, the Trainer, and other books. Manhattan along with a ton of prep tests will prepare you!

One of the best resources for in depth LSAT strategy.
