As far as pure volume of words goes, this thesaurus is kind of weak. I have had many occasions when I was looking for a particular word and could not find it in this book. The book is, however, sturdy, convenient, and just full enough that I'd have to suggest it. If you do a lot of thesaurus work, then perhaps this volume isn't for you, but if you're on the run a lot and need only a fast, convenient source of similarly defined words than this is more than enough thesaurus to do the job.

I give it a three-star because when I was looking something up, it did not have that word. This happened three times. I was very disappointed the first and second time this happened. All my friends who had the same kind of thesaurus had these problems too. I am in fourth grade student.

I give these to my students who are being promoted to the upper Montessori elementary classrooms. They are required for them, so this is a great gift!

I got 2 of these for my 2 high-schoolers. They were a required supply for school. Good size, fits in

their backpacks without taking up too much room.

...but when the time comes, I have it! Good price and travels easily. Very good companion for the matching dictionary.

Required for school so what's not to like? Decent enough quality.

I carry it with me wherever I go.

A wonderful resource.
