## Customer Reviews

This cover is misleading. Just to be clear, since the cover isn't: this book only has 1 practice test for each level of the SSAT and ISEE. That means 1 practice test for the Elementary Level ISEE, 1

practice test for the Lower Level SSAT, 1 practice test for the Middle Level ISEE, 1 practice test for the Middle Level SSAT, 1 practice test for the Upper Level ISEE, and 1 practice test for the Upper Level SSAT. It DOES NOT have 6 practice tests for whatever your child needs to study for. I'm not sure why they bundled together all of these different tests together. It makes no sense that someone taking a middle level test (like my daughter) would be remotely interested in having a book that includes lower level or upper level material. I guess maybe I should have looked more carefully at what was included in the book.

Good for my granddaughter

Good material for SSAT practice.

It is a very interesting book!
